

PHILIP CHEN ELEVATED TO THE AIA COLLEGE OF FELLOWS

Ann Beha Architects is proud to announce that our President Philip Chen has been elevated to the American Institute of Architects College of Fellows. Through his award-winning projects, firm leadership, and advocacy, Philip has made heritage, community, and design excellence a part of everyday life for his clients, his firm, and the greater public. His portfolio includes the United States Embassy in Athens, projects for the Smithsonian Institution, a campus center on a National Historic Landmark Site, and educational and civic projects around the country.

Fellowship is the AIA's highest membership honor, recognizing those who have made significant contributions to the profession and society and whose work exemplifies architectural excellence. The AIA will formally recognize its new Fellows on May 15th at the AIA Conference on Architecture 2020 in Los Angeles. For more information, visit the [AIA College of Fellows web page](#).
