

Congratulations!

Jackie Mossman AIA, LEED AP BD+C
promoted to Associate at AnnBeha Architects

Jackie Mossman AIA joined ABA in 2011. Since that time, she has excelled as a designer, studio leader, and project manager. She has directed ABA's intern program for several years and provides mentoring in studio and through the Boston Society of Architects.

At Springfield Technical Community College, she led programming and design for the renovation of a 19th-century building on the Springfield Armory National Historic Site into a new Student Learning Commons.

This project received awards for both Excellence in Planning and Excellence in Architecture from the Society for College and University Planning, as well as awards for design and preservation from *Building Design+Construction* and Preservation Massachusetts.

Jackie's work at Phillips Exeter Academy developed a strategy for phased renovations of Louis Kahn's Class of 1945 Library, a cherished campus landmark and one of the most significant Modernist buildings in the United States. She is currently Project Architect for the Master Plan for the U.S. Embassy in Manila, Philippines.

Jackie holds both a Master of Architecture and Bachelor of Science in Architecture from Northeastern University.
